#### A New Departure.

Washington, 26—Secretary Freiing-huyser with abandon the system of taking the public into his confidence in the sixte department, as to matters adopted under G-rileid's administration. The forthcoming volume of the d-plomatic correspondence will be radically different from any issued from the state department in many years in that it will corain nothing but documents and correspondence of a routine character, and nothing between our gov-romant and other estions. Secretary Freilinghuysen has come to the conclusion that the interests of government are not subserved by making public the views of foreign ministers in resalton to public affects, in these cau tries where the ministers are secredited, but on the contrary, much harm is experienced. It is aboven that the publication of all correspondence with the state department estimes demonstrates as time, when it could not do otherwise than be prejudicial to pending interests. Chicago 26.—A correspondent writes to the Tribune to show that Blainsemant have been sood in purchasing the paining supposed to be by Rubens and originally owned by Lord Baltimore, founder of Maryland. He gives as a reason that Baltimore was to very limited circumstances with no paintings except a few portains. That subsequently membe s of the family have been rich and carfully treasured all things of the original members. The correspondent relates that in 1853, a Baltimore saloon-keept soid muse such a poture as Blaino's "Gld Master," for \$400 dollars, alleging that a negree-used it a number of years as a fire screen, only this was attributed to Vand, ke. He is of the opinion that this is the same picture under another name, for the salcon-keeper and his picture belonged to Lird Baltiwore. MILWAUKEE Peace, Good-Will and Prosperity. Washington, 24.—John W. Foster, of Indiana, to-day nominated minister to Madrid, has for some time past been engaged in law practice in Washington. The nomination is understood to have been made at the instance of Secretary Freiinghuysen, with special reference to naturalization and other questions pending between Spain and the United States, with which Mr. Foster's experience has made him familiar. His mission, therefore, is regarded as of a temporary character.
